2007 PA SkillsUSA District 4 & 5 Champions

SkillsUSA

The PA Skills-USA District 4 and 5 competitions were held at a variety of schools on several dates this year. Host schools included Cumberland-Perry, Milton Hershey, Carlisle, Reading-Muhlenberg, York, CAT Pickering, and CAT Brandywine.

LCCTC students did very well in a wide array of competitive events, with eight students winning gold medals and earning their way to the upcoming PA SkillsUSA State Championships.

In addition to the gold medalists, two adult students, Ronnie Fisher of Pastry Arts and Robert Alvarez of Culinary Arts, will also be participating at the state competition.

Best of Luck To Our State Competitors!

STUDENT	CONTEST	PROGRAM	HOME SCHOOL
1st place gold medalists are:			
Timothy Garress	Culinary Arts	Culinary Arts	Eastern Lebanon Co.
Chase Albright	Opening and Closing Ceremonies Team	Culinary Arts	Eastern Lebanon Co.
Alicia Coulter	" "	Culinary Arts	Northern Lebanon
Robin Eye	" "	Pastry Arts	Lebanon High
Andrew Getch	" "	Culinary Arts	New Covenant
Julian Leon	"	Culinary Arts	Lebanon High
Geoffrey Walker	" "	Culinary Arts	Cornwall-Lebanon
Samuel Hackman	Welding	Welding Technology	Eastern Lebanon Co.
2nd place silver medalists are:			
Jessica Ahnert	First Aid/CPR	Criminal Justice	Lebanon High
Nicole Baylor	Cosmetology	Cosmetology	Cornwall-Lebanon
Felicia Bodle	Food & Beverage Service	Culinary Arts	Palmyra
Steven Fay	Collision Repair	Auto Body Technology	Palmyra
Drew Gilbert	Precision Machining	Industrial Machine Tech.	Eastern Lebanon Co.
Sheila Katzaman	Advertising Design	Commercial Art	Annville-Cleona
Corey Koons	Criminal Justice	Law Enforcement	Annville-Cleona
Samantha Ryan	Culinary Arts	Culinary Arts	Annville-Cleona
Luke Shaheen	Prepared Speech	Law Enforcement	Annville-Cleona
Daniel Thome	Plumbing	Plumbing/HVAC	Eastern Lebanon Co.
Nelson Vega	Commercial Baking	Pastry Arts	Lebanon High
3rd place bronze medalists are:			
Heather Herman	Nail Care	Cosmetology	Annville-Cleona
Katrina Starleper	Nail Care Model	Cosmetology	Eastern Lebanon Co.
Participants			
JamieLee Ahnert	Extemporaneous Speaking	Culinary Arts	Lebanon High
Josh Arnick	Architectural Drafting	Drafting & Design	Cornwall-Lebanon
Benjamin Miller	Masonry	Masonry	Palmyra
Colin Peffley	Technical Drafting	Drafting & Design	Cornwall-Lebanon
Heather Perrotta	Auto Service Specialization	Automotive Technology	Lebanon High
Emily Quairoli	Related Technical Math	Culinary Arts	Lebanon High

Former Student, Denise Moyer-Lehman, Returns to CTC with her Inspirational Story

Denise Moyer-Lehman, a 1982 graduate of ELCO and the CTC's Drafting and Design program, returned to the CTC to offer an inspirational message to aspiring artists in the Commercial Art and Auto Body Technology programs.

Denise shared pictures and samples of her work, and then she demonstrated some techniques with students.

She explained to the group, when she was a senior and wanted to pursue an education in art, there was no Commercial Art program at the CTC, so she enrolled into the Drafting program. She later attended the Art Institute of Pittsburgh on a scholarship but returned home with a severe case of homesickness.

Upon her return, she took an apprenticeship role with a local airbrush artist, John Dalton of John's Custom Art Center. John taught her basic airbrushing forms and other techniques including hand-detailing work which would play a major role in her career path.

The rest is history as Denise is now known worldwide for her airbrush techniques and her award winning paint projects such as motorcycles, cars, and helmets. Denise is also a nationally ranked artist and one of her submissions ranked 3rd in the world.

As Denise wrapped up her presentation, she gathered her belongings and reminded the students that "anything is possible" maybe not all that original, but she is living proof.

Fabulous 50's Flashback

On March 8th, the Hilltop Café hosted its popular annual Fabulous 50's Themed Luncheon. The students in Culinary & Pastry Arts wrote a detailed menu consisting of burgers, chilidogs, milkshakes, and assorted dessert buffet items. The favorite featured items were the Blue Plate specials: Meatloaf, Honey Dipped Chicken, and the open-faced Turkey Sandwiches.

This year, the students served over 60 customers and expanded their service to include room service to the entire staff. The highlight of the event was the "Soda Jerk." Brandon Yordy from Annville-Cleona prepared specialty milkshakes and floats for the customers to order. The students took this event to the extreme by including a White's Harley Davidson Hog for display; they dressed to the occasion in their 50's costumes; transformed the Hilltop Café into a drive in with the aroma of complementary fresh popped corn filling the restaurant and completed the atmosphere by playing "Grease" records throughout lunch. Records and music notes also hung from the ceiling. " I look forward to this event each year. I love this kind of food, especially the milk shakes" said Glenn Meck, Assistant Director.

Rotary Students-of-the-Month for March

MaryEllen Whitmoyer, Northern Lebanon

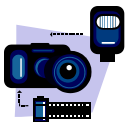
MaryEllen is a senior from Northern Lebanon who is enrolled in the CTC's Visual & Broadcast Technology program. She is the daughter of Leslie Whitmoyer and Mary Alexander of Fredericksburg.

At Northern Lebanon, MaryEllen participates on the Varsity Track team, serves as the sports statistician for the Boys Varsity Basketball team, and member of SADD, Econology and Extreme Sports Clubs.

At the CTC, MaryEllen excels in her academic and technical coursework and is a student member in the FBLA.

In the community, MaryEllen is active in the 4H Club and her church youth group and has participated in numerous church mission trips.

Her future plans include attending Columbia College, Chicago, IL ,The Pennsylvania School of Art and Design, or Lancaster for a Bachelors Degree in Photography.



Clarence Scott Reazer, III, Cornwall-Lebanon

Scott is a senior at Cedar Crest High School who is enrolled in the CTC's Computer Repair Technology program. He is the son of Jeff and Cindi Levengood of Lebanon.

At Cedar Crest, Scott is an honor student in the College Preparatory Curriculum.

At the CTC, Scott is the top student in the Computer Repair class. In addition, he is an active member and firefighter with the Ebenezer Fire Company and works a part time job after school at U-Haul, Inc. in Lebanon.

Scott's future plans include attending HACC as a transfer student and eventually enrolling at Penn State University for a Bachelor's Degree in Computer Engineering.

STUDENTS-OF-THE-MONTH

STUDENT	SHOP	HOME SCHOOL
James Furman	Auto Body Technology	CL
Eliuh Quintero	Auto Body Technology	CL
Danielle Sholley	Child Care Services	CL
Britany Long	Commercial Art & Design	CL
Clarence Reazer	Computer Repair Tech.	CL
Latasha Eiler	Cosmetology	LH
Katrina Hancock	Cosmetology	CL
Janelle Klahr	Cosmetology	LH
Nathan Longenecker	Diesel Truck Technology	PA
Matthew Heisey	Electrical Pre-Engineering	CL

STUDENT	SHOP	HOME SCHOOL
Adam Miller	Electrical Pre-Engineering	AC
Shaun Livering	Electrical Technology	AC
Michael Webster	Electrical Technology	CL
Stephanie Kissinger	Health Careers Tech.	CL
Jonelle Zartman	Health Careers Tech.	EL
Jaclyn Strauss	Office Technology	EL
Tyler Kreiser	Plumbing, HVAC	PA
Daniel Underkoffler	Plumbing, HVAC	AC
Brayden Confair	Visual & Broadcast Tech.	CL

How To Make 4 Million Dollars

How can you make 4 million dollars? Start collecting pop tabs. Students in the HCT class learned this route to becoming a millionaire when they held a pop tab collection contest as part of a Community Awareness project for their Health Occupations Students of America Club.

The theme for their project was the Power of One focusing on how just one small act, such as saving pop tabs, could equate to something much bigger such as 4 million dollars. This is the amount raised by the Ronald McDonald House, the recipient of this fundraiser's tabs, since the origination of its Pop Tab program.

To raise tabs and to raise awareness of the power of a simple act, the student's held a school-wide contest to see which classroom could collect the most tabs in 30 days. Tabs came in from everywhere. Other local schools became involved, individuals in the community who had been independently collecting tabs donated and at the end of the month over 73 pounds of soda tabs had been collected. According to the Ronald McDonald House, this equates to approximately 92,491 tabs. Or if broken down, approximately 3,083 cans of pop per day.

One of the involved students, Jonelle Zartman stated that, "collecting the tabs was a rewarding experience knowing that I was helping kids who had cancer and other serious illnesses."

Vicky Roman, LH; Amber Royles, CL; Melissa Reedy, CL; and Jonelle Zartman, EL; combine soda tabs for a total of over 73 pounds to be donated to the Ronald McDonald House.

A gold, silver and bronze tab award was given to the three classrooms at the CTC who collected the most tabs. They are as follows:

Gold—Visual & Broadcast Technology
Silver—Masonry
Bronze—Allied Health program

Cutest Baby Contest to Benefit CMN

The Children's Miracle Network receives a combination of corporate, community , employee and individual support year round and it is all raised $1 at time. Each dollar raised directly benefits pediatric services for sick and injured children.

The Child Care Services students wish to thank everyone for their support !

The Child Care Services class took a field trip to tour the Hershey Children's Hospital on January 4th and heard from Marta Murray, Assistant Coordinator of Children's Miracle Network. After being inspired to help the children at the hospital, FCCLA planned a Cutest Baby Contest.

<u>The results were as follows:</u>
Mrs. Felty, Child Care Services Instruction Aide, $24.10
Mr. Hartman, Math Instructor, $5.11
Mrs. Phillips, IU13 Personnel, $4.50
Mrs. Werni, Cosmetology Instructor, $4.10

Our overall goal was to earn $100.00. With an extra donation our total funds collected for the Children's Miracle Network was $82.00. Even though our goal was not quite met the money we earned is going to a very good cause. The Children's Miracle Network wrote a small article of what the LCCTC was going to be doing and put it in their newsletter. Maranda Durham and Danielle Sholley will share this Chapter Service Project at the State FCCLA Conference at Seven Springs March 14-16, 2007 for competition in STAR Events.
